- 5. The armored forces of the military Volkspolizei on Rügen get ammunition for their tank guns from Poland. It is brought by Seepolizei vessels from Miedzyzdige sic where there is a Polish army ammunition depot. Temporarily, ammunition has been considered from Russelsburg, also of Polish manufacture. Now it is being brought direct by ship to Lohme.
- 6. A military Volkspolizei infantry unit of 312 men is stationed at Pinnow. They are mostly recruits being trained as non-coms. The signal troops formerly at Pinnow have been transferred to Eggesin. It is reported that an antiaircraft unit shortly will be transferred to Pinnow.
- 7. Bight Volkspolized men have been attached to the radiation research division of the Medizin-Biolog Institut at Berlin-Buch since 24 May 54. They are being trained in the use of Geiger apparatus and spinthariscopes and given theoretical instruction in radioactive elements. The men belong to the Cottbus air police regiment.
